

MEMORANDUM FOR THE RECORD		DATE 5/7/773
SUBJECT <i>Herfall, Mitchell L.</i>	FILE NUMBER 27656	
<p>On a previous date Gary Strole, SO/CO/H. Miami, telephonically advised that the Coast Guard in Miami was investigating about a Mitchell Herfall. The Coast Guard representative stated that Herfall had two boats in the Miami area, about 50 machine guns, and some personnel. Herfall allegedly was going to take over some island in the Bimini chain as a base of operations. The Coast Guard desired to know if Herfall was working for the CIA and if this was a CIA operation.</p> <p>Strole wanted to know if OS files indicated that Herfall was being utilized by the Agency in order that he might advise the Coast Guard. I told Strole that there was no indication in OS files that subject was being utilized by the Agency in any capacity.</p>
